Team Meetings

Date: January 11th, 2022

Attendees: Michael Turner, Brent Armeneau, Ben Fitzharris, Ross Morrison

Absent:

1. Project

Progress

What we worked on this week. Organize by task/activity. Name which students worked on each task/activity

- No updates to project over winter break
    - Just learning activities

Blockers + Surprises

Things that impeded progress this week. Things that came up or were discovered that you didn't expect. Possible resolution strategies for moving forward.

- People were burnt out over winter break
    - Sickness, road closures, get-togethers, etc. so break was used for learning instead
        - Will work more on fixing issues from peer-testing sessions this week

2. Learning Activity

Summary of your team's learning activity for the week. Name which students worked on it.

- Storybook JS
    - Everyone

3. Plan

Task for this week:

What we will work on this week. Organize by task/activity. Name which students will work on each task/activity.

- Add stored state for stakeholders page
    - Michael
- Dashboard main page implemented
    - Ben
- Upload data to database
    - Ben
- Begin design of deontology pages
    - Michael

Learning activities proposed for this week:

- Storybook JS

Goals for the next milestone:

1. Complete fixes to feedback from peer-testing session
2. Begin design for Deontology pages
